

Aspiration Survey Evaluation Tool

“The school tailors the support it provides to each pupil based on individual needs and an evaluation of whole school aspirations data.”

Benchmark 3

This tool is designed to support you in gathering aspiration data and using it efficiently to evaluate the impact of your careers programme. By following this process, you will be able to identify trends in the data, reflect on the underlying causes and propose actions to maximise the impact of your careers programme. Further instructions and examples can be found in the accompanying guidance document.
